Re: Evidence for Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 94-4078

Dear Mr. Branstetter:

Idaho Department of Water Resources (IDWR) has reviewed CSRBA Claim 94-4078 for Zanetti Bros. Inc. and conducted a site visit to verify well locations. Additional information is required before IDWR can complete its recommendation to the CSRBA Court concerning the wells and claimed Priority Date of January 1, 1950.

Please review the enclosed Idaho Department of Transportation (IDOT) map and letters concerning location of the well relocated during construction of Interstate 90 at Osburn. IDWR does not possess records for the 94-4078 wells and the IDOT records concerning the relocated well are incomplete.

Please contact me not later than July 3, 2014 concerning additional evidence required for the wells' completion dates, pump horsepower, pump depths, and total well depths. A Water Right Permit Application may be required for the last well to be completed.

Please telephone me at the IDWR Northern Region Office at (208) 762.2816.

Respectfully,

Shaun M. Maxey
Senior Water Resource Agent
Idaho Department of Water Resources, Northern Region

In accordance with a recent discussion with the Assistant Chief Right of Way Agent, attached please find copies of a cost estimate submitted by Zinkgraf's Well Drilling to deepen a well presently owned by the State of Idaho.

As you will recall, it is the intent of the Department to sell or trade this well to Zanetti Bros. for their well which is being taken by the proposed construction. The purpose of the additional depth is to provide sufficient reservoir, and also allow Zanetti Bros. to utilize their present pump facilities in the new well.

Please make proper distribution of these copies.

Dept. Of Highways.
Coeur d'Alene, Idaho.

Attn: Bill Boughton.

Dear Mr. Boughton.

Had this job gone through while I had tools
and equipment in the area it would have been done at
price I quoted earlier.

All my equipment is in Spokane now so I
had to raise prices in order to cover my costs of
getting it moved back up to Osburn, Idaho. Sprry.
