Re: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Amended Claim 94-4078 and Evidence

Dear Mr. Branstetter:

Idaho Department of Water Resources (IDWR) has reviewed CSRBA Claim 94-4078 for Zanetti Bros. Inc. and conducted a site visit to verify well locations. Additional well information from the Idaho Department of Transportation (IDOT) and Peak Mechanical & Components has also been reviewed. An Amended Claim is needed to correct errors in the original Statutory Claim 94-4078.

Please review and complete the enclosed Amended Claim 94-4078 and return it to me at IDWR **by April 7, 2015**. Evidence that the IDOT Replacement Well is physically connected to the Zanetti Bros., Inc. industrial site (parcel RPC00000187350) must also be provided and the Amended Claim updated to include the IDOT replacement well in order for IDWR to recommend all three wells that are shown on the original CSRBA Claim 94-4078. IDWR must finalize its Recommendation to the Court in Spring 2015.

Zanetti Bros, Inc. must complete an Application for Permit for additional pump capacity in its wells that exceed the .2 CFS in Statutory Claim 94-4078. Please contact Adam Frederick at IDWR (208) 762.2800 about an Application for Permit. Please telephone me at (208) 762.2816 if you have questions concerning the Amended CSRBA claim.

Respectfully,

Shaun M. Maxey
Senior Water Resource Agent
Idaho Department of Water Resources, Northern Region
