Re: Evidence of Priority Date for CSRBA Claim 94-4220
AND New claim filing 94-9384

Dear Claimant:

The Notice of Claim identified with the number 94-4220 has been filed in the Coeur D' Alene-Spokane River Basin Adjudication (CSRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim." Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department is currently conducting reviews for the claims in your area. Since the priority date of a beneficial use water right cannot be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed.

Enclosed you will find a summary printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

Secondly, I have sent you a CSRBA claim form for the domestic and stock use from the spring. Please review the claim then sign it and return it to me with the correct fee of \$25.00

Finally, I have enclosed a map print showing your taxlot property. If you would, please mark the diversion points for the stream use for irrigation and the spring site diversion. Also outline the areas on the map that are irrigated from the stream system and return that along with the new claim.

If you have questions not covered by this letter or the enclosed pamphlet, please contact me at 208-287-4913.

Sincerely,

Steve Clelland
Water Resource Agent, Sr.
