RE: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA)  
Notice of Claim (claim) to a Water Right Number 94-7824

Dear Ms. Nyrop:

I'm writing in regard to our phone conversation of Friday, April 3, 2015, which we discussed the ownership of the property appurtenant to the claim filed by Mr. Donald Nyrop. Such claim was filed for a well water usage for two homes and 100 head of stock and was signed by Mr. Larry Israelson.

Enclosed you will find copies of the claim, a map of the property and a change of ownership form. Would you please complete the ownership change form, re-sign the Notice of Claim, and show on the map where the well, homes and stockwater usage is located? I've enclosed two copies of the claim and the map as you may want to keep one for your records. Also enclosed is a brochure explaining the North Idaho Adjudication and the importance of the priority date.

In regard to the second home – were both homes served by the well in 1992? January 14, 1992 is the priority date listed under item two on the claim form. If the second home was added at a later date, you may want to change the priority date to reflect the addition of the second home so both homes could be included on the same claim form.

We are preparing to submit our recommendations for claims in this area for preliminary decree to the Adjudication Court within the next several months; consequently, ***please return this information, to my attention, as soon as possible***

If you have any questions, please call me at 208-762-2802 or by email at [linda.werner@idwr.idaho.gov](mailto:linda.werner@idwr.idaho.gov).

Sincerely,

Linda A. Werner  
Water Resource Agent, Sr.
