Additional explanation or supporting documentation of the error:

IDWR has discovered errors in the county designation listed under the Point of Diversion (POD) element as shown in the water right listed above. The database error occurred in the recommendation of this right, which then carried over into the partial decree. The error was only recently discovered.

To correct the above-described error, on March 31, 2015, IDWR submitted to the Court a Request for Correction of Error regarding the partial decrees of water right nos. 65-22425 ("Original Request"). A further review of the Original Request revealed a Change of Address was filed with IDWR after the Partial Decree was issued in 2002. The address change was not brought to the Court's attention in the original Request that was submitted on March 31, 2015.

To avoid any possible confusion, IDWR is submitting this Amended Request for Correction of Error regarding the partial decree for water right no. 65-22425, requesting correction of the county designation error, and the change of address.

For more information about the error the Court and/or water right holder should contact the person identified below.
