Re: Original Notice of Claim to a Water Right No. 63-203A & 63-204A

Renumbered Notice of Claim to a Water Right No. 63-32371 & 63-32373

Dear Claimant(s):

We have received and processed a Change of Ownership for a portion of the original Claim to a Water Right Number as referenced above. This Change of Ownership required a split of the original claim resulting in renumbering this claim, using a new water right number to represent each split. The new Notice of Claim to a Water Right number for your portion is referenced above and a copy is enclosed.

Your portion of this claim has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form. If you do not plan on changing any items on your claim, then no further action is required at this time.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your water right. This claim represents a split of the claim filed by a previous owner during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

Thank you for your patience, as we have had several water right changes to process. Please feel free to contact this office if you have any questions concerning your claim or this letter.

Sincerely,

Adjudication Section

Subject: RE: Parma Ditch Company

Hi,

At this time I have no information on the Parma Ditch Company. There is no filing in the SRBA so there is no shape at this time.

63-203 and 63-204 were decreed to R.H. Stockon, a private individual.

63-203 has been claimed by 4 private individuals including Sam Smyser.

63-204 has been claimed by 4 private individuals including Sam Smyser. (Same ones as 63-203)

Given the separate filings by Sam Smyer and that the "company" that only consists of 634 acres, I am skeptical that it would qualify as a Large Place of Use. The Parma Ditch Co. would have to find 2 more users and then file competing claims against the private claims.

As for Franklin Ditch Co., it has gone through some extensive review by Dave and I as well as a legal review so I would doubt that their claimed rights are involved with the Parma Ditch Co. other than sharing a ditch.

Hi:

Lori Graves just called telling me that she talked to Sam Smyser, President and watermaster for the Parma Ditch Company. She said he was elderly and remembers way back in time. Parma Ditch Company is administering their decreed rights, but have not filed in the SRBA. They have decreed rights: 63-203 and 63-204. There may be more rights. According to Boise River Black Book, water rights flowing through the Parma Ditch also includes Franklin Ditch Company 63-167 which looks like it is split into A-D and 63-247.

Do you have any info on this company? What does the GIS look like for it?
