Please print or type. Attach pages with additional information. Instructions are included at the end of this form.
Incomplete forms will be returned.

1. Please list the water right number(s) and/or adjudication claim number(s) (if any) for each water right to be changed. List just the adjudication claim number if there is no corresponding water right record on file with the department. Indicate, by checking in the space provided (under the "split" heading), if the change in ownership is limited to a portion of a water right in which case division of the existing water right or adjudication claim record will be required.

Water Right No(s).	Adjudication Claim No(s).	Split	Water Right No(s).	Adjudication Claim No(s).	Split
63-4808		☒			

2. The following **REQUIRED** information must be submitted with this form:

- A. The appropriate **FILING FEE**. See instructions for fee amounts. — *waived*
- B. A copy of the most recent **DEED, TITLE POLICY, CONTRACT OF SALE** or other legal document indicating your ownership of the property and water right(s) or claim(s) in question, **WITH ATTACHED LEGAL DESCRIPTION**.
- C. Either of the following (if necessary to clarify division of water rights or other complex property descriptions):
☒ **PLAT OF PROPERTY** or **SURVEY MAP** clearly showing the location of the point(s) of diversion and place of use of your water right(s) and/or adjudication claim(s) (these are usually attached to your deed or on file with the county).
OR
 If your water right(s) and/or adjudication claim(s) is for ten or more acres of irrigation, you must submit a USDA Farm Service Agency **AERIAL PHOTO** with the irrigated acres outlined and point(s) of diversion clearly marked. The **AERIAL PHOTO** should be submitted in place of the **PLAT OF PROPERTY** or **SURVEY MAP**.

3. Name and Address of Former Owner/Claimant(s) _____
4. New Owner/Claimant(s) Jeanne T. Hemphill
 Name Connector (Check one): [] and, [] or, [] and/or

Re: Original Notice of Claim to a Water Right No. 63-4808

Renumbered Notice of Claim to a Water Right No. 63-32121

Dear Claimant(s):

We have received and processed a Change of Ownership for a portion of the original Claim to a Water Right Number as referenced above. This Change of Ownership required a split of the original claim resulting in renumbering this claim, using a new water right number to represent each split. The new Notice of Claim to a Water Right number for your portion is referenced above and a copy is enclosed.

Your portion of this claim has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form. If you do not plan on changing any items on your claim, then no further action is required at this time.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your water right. This claim represents a split of the claim filed by a previous owner during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

Thank you for your patience, as we have had several water right changes to process. Please feel free to contact this office if you have any questions concerning your claim or this letter.

Sincerely,

Adjudication Section
Western Region

NOTES

1. All lots are hereby designated as having a permanent public utility, drainage, irrigation and sanitary sewer easement over the ten (10) foot adjacent to any street that is dedicated to the use of the public.
2. Building setbacks in this subdivision shall conform to the applicable Zoning Regulations of Ada County and/or Boise City.
3. Any residential use of this plat shall comply with the applicable Zoning Regulations in effect at the time of the subdivision.
4. Lots 22 and 44, Block 5 are hereby designated as having a permanent public utility, drainage, irrigation and sanitary sewer easement over the ten (10) foot adjacent to any street that is dedicated to the use of the public.
5. The easement shown on Block 5 is also a permanent utility and easement easement giving public utility companies the right to locate, construct and to maintain mains and service lines.
6. See Record of Survey for S.B. 120, for additional information as to the location of the easement shown on Block 5.
7. The easement shown on Block 5 is also a permanent utility and easement easement giving public utility companies the right to locate, construct and to maintain mains and service lines.
8. Lots 9 through 11, Block 5 and Lots 1 through 18, Block 9 are hereby designated as detached single family residential lots. A 5-foot wide drainage easement lying 5 feet adjacent to all side yard lot lines of the above said lots, Lots 1 through 21, Block 9, is hereby designated as a permanent utility easement.
9. Lots 1 through 11, Block 9 are hereby designated as detached single family residential lots.

Hi Jeannie -

I received the warranty deed and map today but no change of ownership form. The form I sent you must accompany the documents. Please fill it out and sent it to me as soon as possible. Thanks!

Subject: RE: question re water use in your area

Hi Jeannie -

I have a 1939 aerial photo that shows the place of use of the old farm. So, if no one comes up with any earlier proof, then I will advance the priority date to 1939.

I know that the Pheasant Run subdivision to your west is not allowed to use the ditch water per their covenants. I am not sure if you have similar covenants. Any information you can get from the prior owners and their thoughts on why they used the water and if anyone told them they had the right would be best for you. This is important because several years ago, Farmers Union complained about the Corke property owners using their ditch water. With wastewater as a source, that is a possibility - that in this adjudication, the owners of the ditch and water will object to whoever is taking water from the ditch.

I am trying to give you all possible information because the decision that I need you to make is whether you want to "stand in the shoes" of the original claimants and pursue the claim for what you are using. If so, I need you to fill out a change of ownership form - the fee is waived for claims so it will not cost you anything. Let me know and please call me at 334-2190 if you want to discuss.

RE: Change of Ownership form for 63-4808

Dear Jeannie,

This fax is per our conversation last week regarding change of ownership for claim no. 63-4808. Enclosed is a change of ownership form. Please complete the form and send it back to our office with the required documentation.

Please call if you have additional questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Vicky Music', is written over the typed name.

Subject: RE: question re water use in your area

Hi Vicky,

I've been looking at the evidence of priority guide.

It might not be easy to trace history of ditch use. The fellow who replaced the pump a few years ago, Keith Frost, did not leave bills or receipts for any of his work or parts like the pump. I would have checks for payments to him for that summer. Everything was verbal with him. I learned; he and brother did a lot of tough work. However, we are not in touch; he would not return calls, get the system back running the next year.

I have water and power bills of course since 2001 when I bought property.

I might or might not be able to get in touch with the sellers, Reil/Keinitz who installed and left the pump and watering system. They're in Garden Valley, I think, nice folks, but not likely to reply. Possibly.

Patsy Corke would recall the Keinitz's. She too rarely returns phone calls; we've spoken, never met.

Perhaps the usual issues with documentation.

I could of course take photos.

Some thoughts.

Jeannie Hemphill

Subject: RE: question re water use in your area

Hi Jeannie - thanks for your response. I will look into this further then. You may have a portion of the Williams claim for irrigation that has nothing to do with Patsy Corke. Do you use the ditch water for only irrigating the garden or do you use it for your lawn/landscaping also?

Re an attorney - that is always the claimants choice, however, at this point is a little premature. We are reviewing claims right now and when we make a recommendation to the court, if anyone objects to how we recommended someone else's water right, or a claimant objects to how we recommend their right, that is the time to get an attorney if they so desire. Many claimants have handled the process successfully by themselves without an attorney so that is also an option, especially if the claimant agrees with our recommendation.

Please feel free to ask me questions if you have them.

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-4808

Dear Claimant(s),

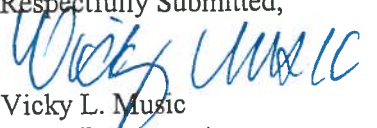

In the past, EDITH WILLIAMS submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. If you use wastewater for irrigation, you may be the owner of a portion of this water right claim. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. EDITH WILLIAMS indicated, when this claim was filed, that the water right(s) was based on a "Statutory Claim" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by **November 10, 2004**. Please call me as soon as possible if you think you may own a portion of this claim, to let me know if you may not be able to submit proof of priority or if you have any questions not covered by this letter and the enclosed pamphlet.

Respectfully Submitted,

Vicky L. Music
Water Resource Agent
Adjudication Bureau

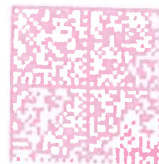

Enclosure: "Evidence of Priority" pamphlet
Notice of Claim Report A63-4808

NOTE: If you no longer own the property upon which this claim was filed, please contact this office immediately. Idaho State law requires that the Department be notified of a change of owner or address on a water right.

Jicky - I agree about the subdivision taking up the acres (some). However, I would either drive by to see if there still is a waste ditch delivering water to this location or have Gene do it. If so, then we can leave a note on the door to call us. If not, then disallow OK. If you have any questions, plz. come see me. Jan

ID #	Govt Lot #	1/4	1/4	1/4	Sec.	Twp.	Rge.	County	Method of Determination/Remarks GPS ID

Description of diverting works

OVERLAP REVIEW

Other water rights with the same point of diversion: _____

Does overlap add acres or uses to existing system, increase rate of flow or volume, or other? Explain:

WATER USES

- ☐ No change
☐ Different Uses

Use _____ From _____ To _____ Amount _____ CFS _____ AFA

Use _____ From _____ To _____ Amount _____ CFS _____ AFA

Use _____ From _____ To _____ Amount _____ CFS _____ AFA

TOTAL VOLUME – Groundwater only

- ☐ Incomplete on claim, the total is, Amount _____ CFS _____ AFA
☐ Changes found, the new total is, Amount _____ CFS _____ AFA
☐ More than 1" per Acre? Yes _____ (claimant must complete excess flow sheet)

NON-IRRIGATION USES:

- ☐ No change
☐ Changes Exam found: Domestic # of homes _____ Stock # _____
Types _____ Additional comments: _____

PLACE OF USE:

- ☐ No Change
☒ Changes shown below:

property is subdivided: Gary Meadows

Subject: RE: question re water use in your area

Hi Vicky,

Your letter is here. Interesting.

My property, which I've had about 4 years, came with a garden along the ditchbank and a pump, which I use. The sellers explained Patsy Corkle agreed. Your letter suggests another possibility. Interesting. Neighbor Gary Trakas saw my outfit and put in some kind of a pump last year. Don't know if there are others. I should probably "have an attorney", but that's not me.

Bye for now,
Jeannie Hemphill

Subject: question re water use in your area

Hi Jeannie -

This is an "official" e-mail! I am investigating an old water right claim for wastewater from some of the ditches in your area. The claim is for 14 acres and may include your lot and those north and west of you. Do you or any of your neighbors that you know of use wastewater from the ditches for irrigation? I will be sending letters out to give the wastewater users opportunity to claim part of this old claim if they are entitled to it but wanted to see if you were aware of water use from the ditches.

Thanks!

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-4808

Dear Claimant(s),

In the past, EDITH WILLIAMS submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. If you use wastewater for irrigation, you may be the owner of a portion of this water right claim. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. EDITH WILLIAMS indicated, when this claim was filed, that the water right(s) was based on a "Statutory Claim" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by November 10, 2004. Please call me as soon as possible if you think you may own a portion of this claim, to let me know if you may not be able to submit proof of priority or if you have any questions not covered by this letter and the enclosed pamphlet.

Respectfully Submitted,

Vicky L. Music
Water Resource Agent
Adjudication Bureau

Enclosure: "Evidence of Priority" pamphlet
Notice of Claim Report A63-4808

NOTE: If you no longer own the property upon which this claim was filed, please contact this office immediately. Idaho State law requires that the Department be notified of a change of owner or address on a water right.

CONVERSATION MEMO

DATE: 11/3/04
TO: MEMO TO CLAIM FILE NO. 63-4808
CC: NA
From: Vicky L Music, WATER RESOURCE AGENT,
IDWR/ WESTERN REGION
RE: PROOF OF PRIORITY AND CHANGE OF OWNERSHIP

Bill Morris [344-2666] called today in response to my letter. Mr. Morris bought the property with the original farmhouses on it in 1995 and has rented it since he bought it. The renters do use the water for irrigation and he would like to pursue this claim for his property. We discussed the SRBA process and that the original appropriator such as a canal company could object and he could lose the right to use the water. He has about 1.14 acres according to Ada Co. Assessor information. I will send him a change of ownership form.

We discussed proof of priority. Mr. Morris said that he doesn't have any idea where to get proof back to 1936. I told him that I had a 1939 aerial that shows cultivation. I could use that but would have to advance the priority date to 1939. That is okay with him.

VLM

TELEPHONE MEMO

DATE: 11/02/04
TO: MEMO TO CLAIM FILE NO. 63-4808
CC: NA
From: Vicky L Music, WATER RESOURCE AGENT,
IDWR/ WESTERN REGION
RE: POTENTIAL SPLIT OF STATUTORY CLAIM

I sent 23 letters to the property owners whose property appears to be a part of the old place of use. The locations of the original PODs are estimated – no one is entirely sure where they were. The purpose of the mailing was to give the current owners notice that they may be the owners of this claim and want to pursue it in the SRBA. I am using the 1939 aerial as proof of priority – will have to advance priority date to 1939 unless any of the claimants want to provide proof back to 1938.

11-1-04 – phone call from Mark Mason re the letter he received. He said they do not use ditch water. The prior owner told him that they did not have a right to use the ditch water. I explained a little of the SRBA process but Mark did not seem particularly interested in using ditch water so the conversation was pretty short.

11-2-04 – phone call from Mark Paffle re letter he received. He knew nothing of the SRBA so I explained some of the history and that the purpose of the letter was to inform current owners of this old claimed place of use that they may own a portion of the claim, that it was not a water right. He asked lots of questions such as who owns the right to use the water [answer: I don't know], what it means to him [answer: water rights are valuable, if he was using it and depended on it, he was entitled to pursue the claim], how he or any property owner would have known that he/ they may have a right [answer: because water rights are important in Idaho, the sellers will inform the buyer, the real estate agent can do some research, it is a property right so up to the property owner to find out, can call us and we can search our database for potential rights, may get a letter from me as I am reviewing claims]. Mark specifically said he didn't care about it, never thought he had a legal right to it. He was more concerned about it being run off and dirty – he mentioned this 2 or 3 times. Too much trouble because I explained that if he were to resume use, someone might object and he would not be able to use it in the future anyway. They have used the sprinkler system that was present when they bought the house.

Subject: RE: question re water use in your area

Hi Vicky,

The whole works, garden and yard water system, such as it is--home made-- is out of the ditch. There wasn't even a spigot in front to water when I moved in; put that in.

Thanks for perspective; would like to do anything needed on my own. Now to find your letter! Thanks, thanks.

Good week,
Jeannie Hemphill

Subject: RE: question re water use in your area

Hi Jeannie - thanks for your response. I will look into this further then. You may have a portion of the Williams claim for irrigation that has nothing to do with Patsy Corke. Do you use the ditch water for only irrigating the garden or do you use it for your lawn/landscaping also?

Re an attorney - that is always the claimants choice, however, at this point is a little premature. We are reviewing claims right now and when we make a recommendation to the court, if anyone objects to how we recommended someone else's water right, or a claimant objects to how we recommend their right, that is the time to get an attorney if they so desire. Many claimants have handled the process successfully by themselves without an attorney so that is also an option, especially if the claimant agrees with our recommendation.

Please feel free to ask me questions if you have them.

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-4808

Dear Claimant(s),

In the past, EDITH WILLIAMS submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. If you use wastewater for irrigation, you may be the owner of a portion of this water right claim. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. EDITH WILLIAMS indicated, when this claim was filed, that the water right(s) was based on a "Statutory Claim" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by November 10, 2004. Please call me as soon as possible if you think you may own a portion of this claim, to let me know if you may not be able to submit proof of priority or if you have any questions not covered by this letter and the enclosed pamphlet.

Respectfully Submitted,

Vicky L. Music

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-4808

Dear Claimant(s),

In the past, EDITH WILLIAMS submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. If you use wastewater for irrigation, you may be the owner of a portion of this water right claim. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. EDITH WILLIAMS indicated, when this claim was filed, that the water right(s) was based on a "Statutory Claim" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by November 10, 2004. Please call me as soon as possible if you think you may own a portion of this claim, to let me know if you may not be able to submit proof of priority or if you have any questions not covered by this letter and the enclosed pamphlet.

RE: EVIDENCE OF PRIORITY

Snake River Basin Claim No(s): A63-04808

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. You indicated, when this claim was filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of your priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by **September 13, 2004**. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

In addition, since it is our goal to decree the historical water rights within the Snake River Basin as accurately as possible, field exams are now being conducted by Department water resource agents to verify claims in this area. Therefore, either Mr. Burke Scholer or Mr. Gene Gibson will be contacting you within the next few weeks to schedule a field exam.

Respectfully Submitted,

Vicky L. Music
Water Resource Agent

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-4808

Dear Claimant(s),

In the past, EDITH WILLIAMS submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. If you use wastewater for irrigation, you may be the owner of a portion of this water right claim. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. EDITH WILLIAMS indicated, when this claim was filed, that the water right(s) was based on a "Statutory Claim" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by November 12, 2004. Please call me as soon as possible if you think you may own a portion of this claim, to let me know if you may not be able to submit proof of priority or if you have any questions not covered by this letter and the enclosed pamphlet.

Respectfully Submitted,

Vicky L. Music

RE: EVIDENCE OF PRIORITY

Snake River Basin Claim No(s): A63-4808

Dear Claimant(s),

In the past, ALFRED AND EDITH WILLIAMS submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. You may be the owner of this water right claim. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it ALFRED AND EDITH WILLIAMS indicated, when this claim was filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by **October 12, 2004**. Additionally, a field exam may be necessary and a field examiner may be contacting you in the next few weeks. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.
