IDWR/NORTHERN

To whom it may concern,

My name is Ed Hunt (Frank Edward Hunt Jr.). My family moved to the area in Shoshone County, now known as Hunt Gulch which also includes the Hunt Cemetery in the 1890's. The original plot of land was between 600 and 800 acres in the beginning. This land was originally settled by my great grandfather, Thomas Hunt and family. And so the land was named after him. I lived on portions of the land from 1947 to 1982.

Cal and Sue Vork now reside on a portion of the original Hunt property in Hunt Gulch. The creek, "Hunt Creek" flows across their property. Their physical address is: 27 Hunt Gulch Road  
Kingston, Idaho 83839  
Parcel Number: RP49N01E357575A

Historically, the Hunt family used the entire Hunt Creek to water their livestock and their gardens. And specifically, where the Vork family now resides, my great aunt and her husband had a shake mill and used the water from Hunt Creek. I personally watered my horses on the Vork's property from the same creek in the 1960's.

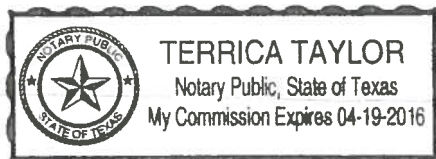

Please contact me if you have any further questions.
