RE: Ownership of Water Right 63-22875

Dear Mr. and Ms. Knudsen,

Recently, the Idaho Department of Water Resources (IDWR) submitted a request to the Snake River Basin Adjudication (SRBA) court to correct an error in the county description for Water Right 63-22875. Along with the request to the SRBA court, we also sent a copy of the request to the current owner of record on Water Right 63-22875, Cleo & Lorin Saunders. The copy sent to the Saunders was returned undeliverable.

Upon further review, it does appear that 63-22875 might be applicable to your property. However, this wasn't entirely clear because there also appears to be an error in the legal description for the place of use and point of diversion on the water right that needs corrected (see enclosed reference map).

Because water right 63-22875 is before the court to correct the original county description error, we have an opportunity to correct the error in the place of use and point of diversion as well. In this process, I wanted to give you the opportunity to complete and submit a *Notice of Change in Water Right Ownership* form, which would change the ownership of Water Right 63-22875 into your name.

Take a look at the enclosed map, water right report, and the *Notice of Change in Water Right Ownership* form. If you feel that water right 63-22875 might be applicable to your property, then complete and submit the enclosed *Notice of Change in Water Right Ownership* form along with a copy of the warranty deed for your property by **May 22, 2015** (no fees).

I know this is a lot of information out of the blue so don't hesitate to call me at (208) 287-4916, and we will talk through it in more detail.

I need the completed *Notice of Change in Water Right Ownership* along with a copy of the warranty deed for your property by **May 22, 2015**. If I do not receive the *Notice of Change in Water Right Ownership* form by May 22, 2015, I will still move forward to correct the errors in water right 63-22875, but the corrected water right will still identify Cleo & Lorin Sanders as the owner. You will still be able to submit the *Notice of Change in Water Right Ownership* form at a later date, but then there will be a \$25 filing fee. I can explain this in more detail too over the phone if you would like.

Respectfully,

Craig L. Saxton
