1. dnelson 4/19/2006 Claim Review
Comment: On March 2, 2006, I sent out a request for evidence of priority, and clarification of the location of the property involved with adjudication claim 63-5140. I received a letter back from the claimant on April 19, 2006 complete with a letter from a neighbor, a well agreement, and a map showing the location of the well and lands irrigated for the property of the claimant. The letter from their neighbor, Clara Babcock, is sufficient to provide proof that the priority date of 3/1/1958 is feasible. A well agreement dated February 26, 1959 supplies additional proof that the well was in use around this time period. I recommend the priority date discussed in the letter from Ms. Babcock and on that claim. All of the documentation for claim 63-5140 referred to a second water user, and was signed by that user. There were no records of a second water right on the well, so I called the owners of water right 63-5140 to inform them they had the only water right on the well. They contacted the co-owner of the well, who immediately came in filed a beneficial use claim on the other portion of the well. The claimant for 63-32278 had signed all of the documents associated 63-5140, so the priority will be the same date as 63-5140.

The claimant also supplied a map that showed the location of the well and an outline of the property. Using the 2004 aerial photography, I determined that 4.4 acres are actually being irrigated. The total tax lot is 4.8 acres, and the reduction of acres occurred when the home, shop and driveway were removed. Whereas this is a very minimal amount of irrigation, the full allocation of 0.03 cfs per acre was allowed for a total of 0.13 cfs for the 4.4 acres. The volume was also calculated using the standard volume of 4.5 afa for the 4.4 acres or 19.8 total afa. A condition was added to 63-5140 and this claim stating that both rights are diverted from the same well.

RE: SRBA Claim No(s): A63-5140

Dear Mr. Nelson,

In response to your letter dated March 2, 2006, we have enclosed the following three items:

1) A notarized Affidavit signed by Clara Babcock, a continuing neighbor who has lived and farmed adjacent land since the 1940's. The Affidavit asserts her knowledge of our use of water pumped from our well drilled in 1958 and used for domestic and irrigation purposes since.

2) The aerial photograph you had sent showing
   a) the location of the well as requested in your letter
   b) corrections to the land being served by that well

3) A copy of the well agreement and a brief historical summary of property/well ownership germane to the corrections mentioned above.

To Whom it May Concern:

I, Clara Babcock, was and continue to be aware of the use of water for domestic and irrigation purposes provided by the well drilled in 1958 in a partnership between Don J. and Shirley Hogge, and F.P. and Ilah M. Hatch. Said well is on the property which they then jointly owned on what is now known as Memory Lane in Nampa, Idaho.

While the Hogges have lived continuously on their portion of property, the Hatch portion was subsequently sold and is currently owned by Alfred M. and Lee McGlinsky.

Historical Summary of Property/Well Ownership

In January 1958 a partnership between Don J. and Shirley Hogge, and F.P. and Ilah M. Hatch resulted in purchasing (from Art and Louise Bruck) and dividing approximately 10 acres on what was later named Memory Lane, in Nampa, Idaho.

They commissioned the drilling of a well and in the summer of 1958 began to make use of water from that well by growing wheat on the land. On February 26,1959 they commissioned the drafting of the Agreement Regarding Ownership of Well, which is attached.

In 1959 Don and Shirley built on their property and have continued living there since.

The Hatch portion was later sold to Lewis E. and Elva K. Roberts, who in September 1983 sold it to Alfred M. and Lee McGlinsky who, in 1985, built on their property and have continued living there since.

Domestic and irrigation uses of the water from the well continue for the acreage owned by both the Hogges and the McGlinskys under the terms specified by the February 26,1959 Agreement Regarding Ownership of Well.
