Dear

Ty

As you may know, North Idaho is starting a water adjudication process whereby property owners can claim rights to water they obtain from underground or surface sources. By establishing a priority date (i.e. when they started taking and using that water) they have a basis for action against later coming users who may deplete that source.

Our jointly owned well at Gano's Landing has had, since it was drilled, a license from the Idaho Dept. of Water Resources to take ground water. But the license does not establish a "claim" for adjudication purposes. A "Notice of Claim to a Water Right" has to be submitted to the IDWR. I have the necessary forms and set of instructions. But, as it is a jointly owned well, it appears that I need some official position or title to be able to sign the form for all of us.

My suggestion, therefore, is that the owners appoint me as their agent, for the temporary and sole purpose of making the application. If you agree, please be so kind as to sign the declaration below and return this letter to me at your earliest convenience. If you have any questions, please call me at 208 - 689 - 3982.

I James C. Ty Bruner, for the temporary and sole purpose of entering a "Notice of a Claim to a Water Right" for our jointly owned well at Gano's Landing, do hereby appoint William J. Lampard as my agent to prepare and sign such Notice.

Dear Mr Knoblock,

You kindly helped me, on a couple of recent occasions, to file "notices of claim to water right" for my house and for my cabin, both on the east side of Coeur d'Alene Lake.

The cabin shares a potable water well with 4 other joint owners and I now attach a "notice of claim" for that well. It took several weeks to contact and obtain written responses from my co-claimants authorizing me to file the claim. Those authorization letters are attached to the claim. The filing fee, of \$61.00, is what you instructed me would be due and is also enclosed,

Yours sincerely
