Salmon, ID 83467

Dear Mrs. Mulkey:

I recently discussed your water rights with Bruce at a meeting in Salmon. I've made some changes to your water rights recommendations, and the aerial photos based on those recommendations. Copies of the new documents are enclosed.

The following changes have been made to the recommendation of 74-469:

1. Mr. Mulkey's name has been removed
2. The actual acres are now shown in the place of use, based on the agreement signed in the Lemhi adjudication

The following changes have been made to the recommendation of 74-469A:

1. Mr. Mulkey's name has been removed
2. The acres shown as the place of use are now identical to those on 74-469, but are limited to the irrigation of 102 acres within that place of use. This description makes more sense now that both water rights are delivered through the same system from L-17.
3. I have also reviewed and corrected the aerial photo, based on the Lemhi decree and maps used during the Lemhi adjudication.

The following changes have been made to the recommendation of 74-192:

1. Mr. Mulkey's name has been removed.
2. I've made corrections to the aerial photo, based on the Lemhi decree and information provided by Bruce on your behalf.

Please review the recommendations and the aerial photos. Please contact me at (208) 327-7925 if you have any questions.

Sincerely,

Roxanne Brown
