MEMO

To: File 94-9328

From: Linda Werner, Water Resource Agent, Sr. *L.W.*

Date: June 22, 2015

Subject: Evidence Letter Dated 6/14/2015

The evidence submitted by claimant was to support in-stream stockwatering; however, the claim was amended on June 16, 2015, to domestic usage only as there is no stream in this area. Attached well report supports priority date of 7/30/2008 for domestic usage.

Re: 94-9322, 94-9325, 94-9328[47N 02W 07 8600]

Dear Mr. Maxey.

Please find enclosed copies of the information listed in the table below. As you can see, Tax #8600 is almost 120 acres and entails large changes in elevation, as well as many uses for the surface water throughout the property. The topographic map identifies some of the main tributaries in to Black Creek, but it impossible to pin point every one of them. The color map enclosed clearly shows the green color changes where the draws move what surface water isn't absorbed down the mountain into Black Creek where the stock can drink when they are at pasture here. The surface water irrigates our hayfields, provides nutrients for our forest, and absorbs into the ground to supply our well.

Right now all our cattle are out to pasture at another location except a first time mom down at the barn on Tax #5800, and our black milk cow that is pastured up by our house on Tax #8600. Her water source is directly out of well #D0054714.

This piece of property was brought in to the family on May 15, 1944 by Irene Rader and her husband. Irene was the current owner's (Dean Bates) sister. This land has been used by the family for farming and pasture since that time. There are pictures included of wire growing out of old growth trees which indicates the property was most likely fenced by its previous owners.

I would like to note that this area is "open range" and lack of fencing does not mean the land was not in use.

I will be more than happy to amend this application or complete another one to show these uses of our well and surface waters if necessary. Thank you for your time and I look forward to our meeting on Tuesday. Please let me know if you need any further information and I will try to gather it before that day.

C D Bates Property

As you can see by both the Topographic Map and the colored map, Tax #3400, 0400, 8600 and 6350 are contiguous and fenced as one piece of property with cross fencing in some places. You can also see there are many tributaries feeding in to Black Creek that runs through the Bates property. To identify each of them would be impossible, but they have all contributed to irrigating our hayfields, timber growth, and watering stock on the place for this family since 1944.
