RE: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA)
Claim Nos.: 93-7657, 93-7658, and 93-7659

Dear Mr. and Ms. Larson,

I called and spoke with Ms. Larson on May 28, 2015. I thought I would quickly recap: I have been asked to review the late claims you filed in the CSRBA. After Judge Wildman granted your motion to file late claims, I received an e-mail from Meghan Carter, Deputy Attorney General, regarding a question about the claimed priority date for 93-7657 (well).

My understanding from both the e-mail and from speaking with Ms. Larson, is that the priority date claimed for the use from the well should probably be an earlier date.

I am enclosing an "Amended Claim" where I crossed out the original priority date claimed, and highlighted an area to fill in the Priority date (Month, Day, and year) you wish to claim. Review the claim and initial any additional changes you wish to make. When satisfied, sign the claim and return it to me in the envelope provided.

After reviewing all three claims, my only other questions are related to the number and kind of stock.

93-7658:

This is the claim for one of the spring fed stock ponds (see picture below). My only question on this is how many and what kind of stock are watered from the pond? You can answer the questions directly on this letter and just send it back to me with the amended claim.

Kind of Stock: cattle/sheep/goats/horses

Number of Stock (maximum): 30
