Good Morning Mr. and Ms. Friede,

On June 17, 2015, the Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) court granted late claims 91-7894 and 91-7895. I have been asked to review the claims and prepare a recommendation to be reported to the court in the next late claim Director's report.

As I was reviewing both 91-7894 and 91-7895, I ran into a couple of questions that I need some help me out with.

Question 1:

The first question is regarding the stockwater:

Claim 91-7894 (1979 priority) identifies stock use as being for 6 head of cattle and 4 horses.

Claim 91-7895 (2011 priority) identifies stock use as being for 6 head of cattle and 20 chickens.

Does each well serve different stock as described above, or do both wells serve 6 (or 12) head of cattle, 4 horses and 20 chickens? *Please feel free to reply in the area below and just return this letter in the envelope provided.*

Question 2:

I need help identifying the house with its associated well and the apartment with its associated well. Essentially, I need to know which well goes with each domestic use (each separate system), and where each is located.

Attached is a map showing parcel RP46N02W03240HA. According to the claims, both wells, the home, and the apartment are located within the identified parcel. Please look over the map and then draw in on the map the well locations and circle or outline the home and apartment. Please identifying which well serves which domestic structure. When completed, please return the map along with your answer to question 1,

to me by **July 24, 2015**. You can mail the information me in the envelope provided, or you can e-mail the information to me.

I did try to contact you by email using kdfriedel@gmail.com, but it was kicked back to me telling me it was a bad address. If you would like to update your e-mail, please just let me know. Your e-mail address is only used for situations like this where we might need to contact you with a quick question or send you some information quickly.

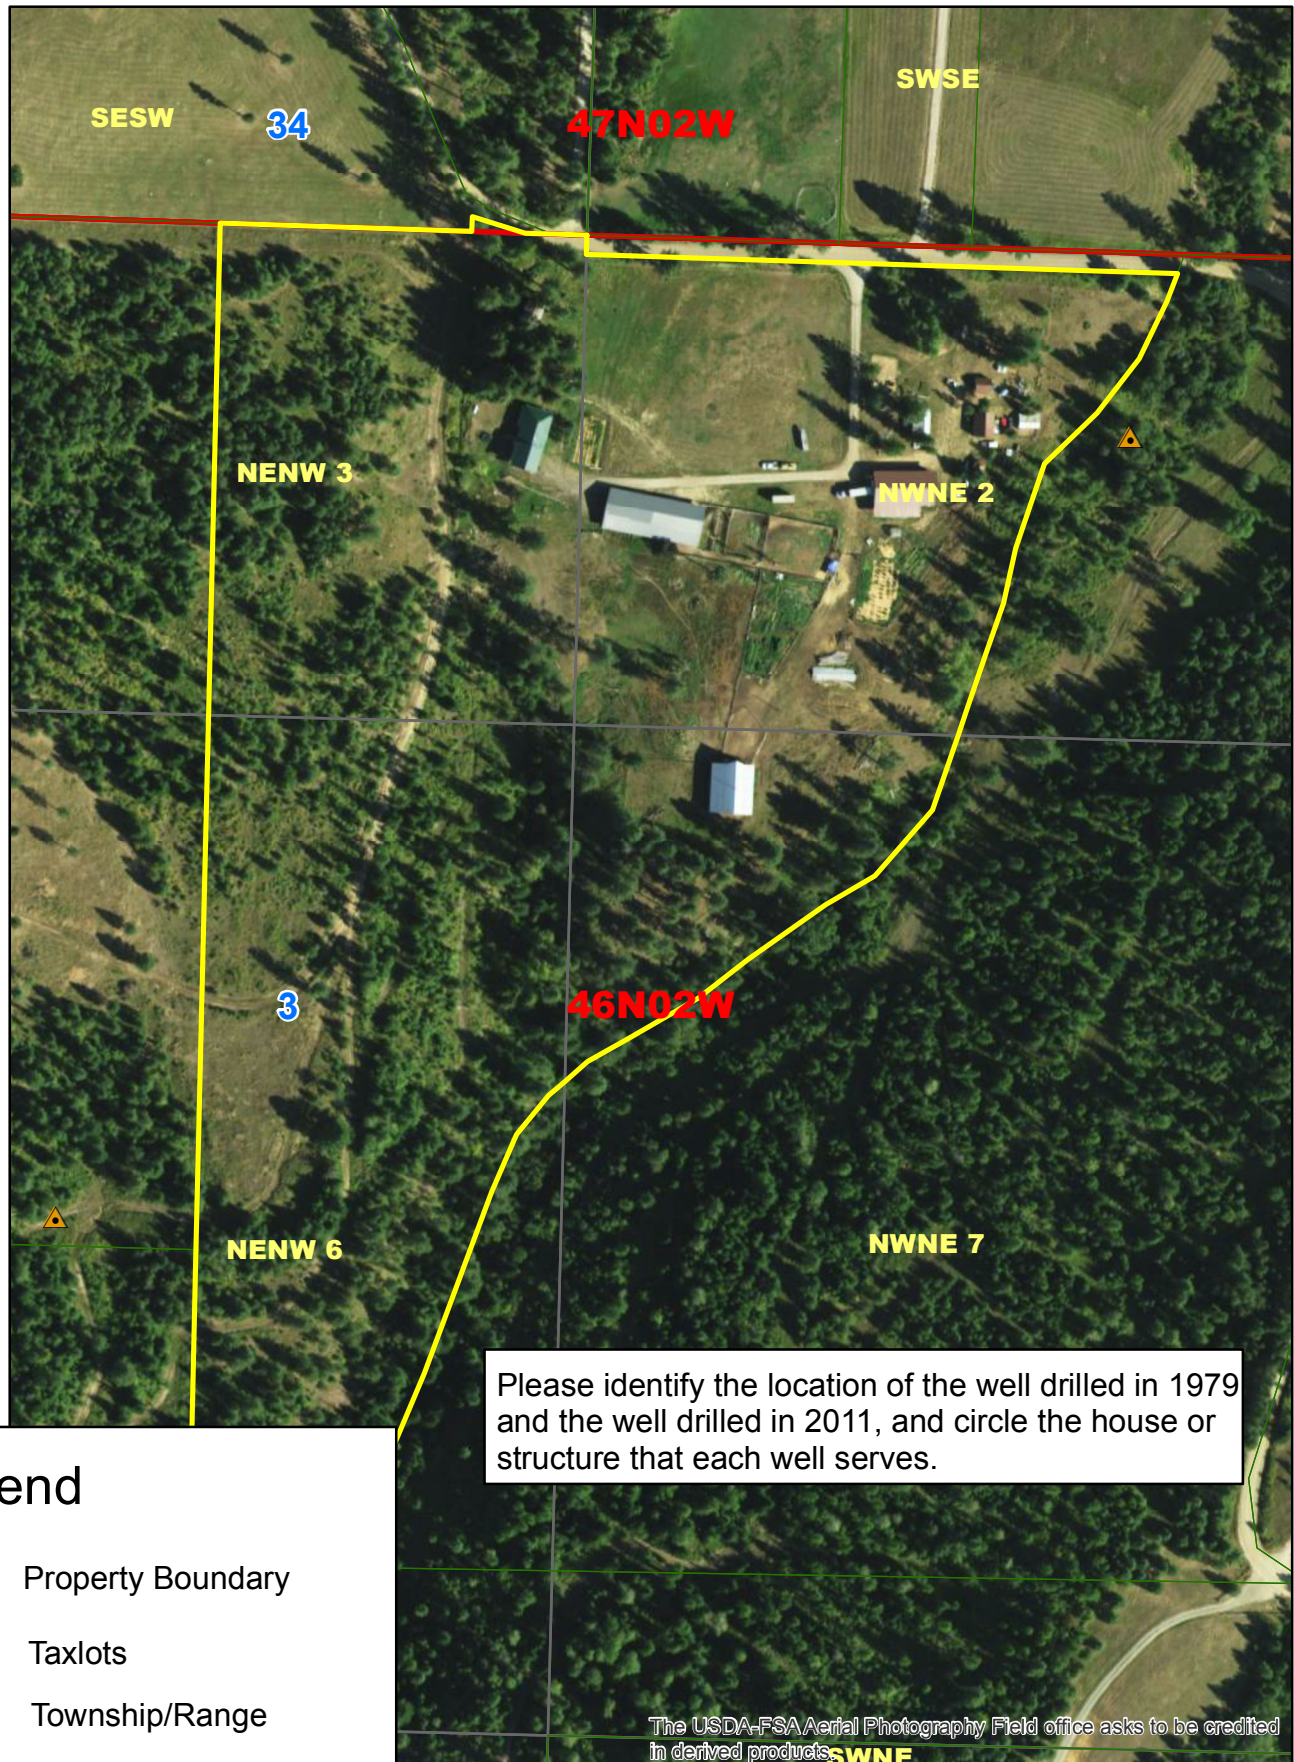

Please don't hesitate to drop me a line with questions.

Respectfully,

A handwritten signature in blue ink that reads "Craig L. Saxton". The signature is fluid and cursive, with the first name "Craig" being more prominent.
