Hello Linda,

Thank you for sending us an application for a permit to irrigate. I think that we will leave that for the future and just claim the domestic water use rights for the houses.

Enclosed is your aerial map which I marked to show the location of the spring that is our water source. It has been in continuous use since 1950 when our family bought the land. The structures now served are remodeled buildings on their original sites, but the plumbing has been there since before 1950 and improved and maintained since then.

If you need clarification on any issue, please call either Steve Meyer (208-659-9454) or me, Stephanie Webb(206-328-4324), at any time.

Thanks

Stephanie Webb
