Charlie and Tom -

I am very sorry about the short timeline, however, the sheer number of claims filed by your client, including late claims filed only a few weeks ago and the confusion regarding the licenses 63-3603 and 63-7595 that resulted in amended claims being submitted just 3 weeks ago, have caused these preliminary DRs to be sent with a short NOE period. My deadline for having recommendations done is Dec 2 and the Basin 63 Part 2 DR is due to be submitted around Dec 13. Submitting a notice of error will most likely not affect my recommendations because I really don't think there are errors in the preliminary DRs that can be corrected by the NOE process, such as typos or changes in ownership, but you may submit them when you can through December 9. We will have to let the objection procedure handle the substantive issues as is usual.

8 of the 12 preliminaries sent this week [63-31056 is listed twice in your email] are associated with 3 of the 4 residences on the property and I attempted to group those together so they could be reviewed together. They are small domestic and stock.

Lastly, I will be adding to the recommendations for 63-12, 63-13, 63-15 and 63-308 the combined use POU remark for 171 acres. For 63-12, 63-13, 63-15, 63-3603 and 63-7595, I will be adding the temperature of the water. I will not send out a new preliminary on these.

Hope this helps -

Subject: Preliminary Recommendations/Notices of Error

Vicky: Preliminary recommendations for the following water rights have been sent via e-mail to Tom Terteling and I over the past two days:

11/23/2005

63-27649, 63-27671, 63-31054, 63-31055, 63-31053, 63-31050, 63-31052, 63-31062, 63-31056, 63-31057, 63-31056, 63-31058, 63-31060.

I did not receive one of these e-mails until I came into the office this morning. The instructions attached to the Preliminary Recommendations provide that the Notices of Error are due on Tuesday, November 29 - six days from today. My client has been out of town for several days, and the Thanksgiving holiday is tomorrow - I plan on leaving my office this afternoon at 2:00 to travel out of town, and will not be back until Monday. I do not know my client's plans, but I know he has been extremely busy and was expecting to be so for some time.

Given all of these factors, together with the facts that I have many other pressing matters I must address over the next several business days and that I believe my client's situation to be similar to mine, it is simply unrealistic to expect the Terteling Company to respond to 14 Preliminary Recommendations within a six-day period with an intervening four-day holiday weekend. We will attempt to review and respond to the Preliminary Recommendations as soon as possible, but it is simply impossible for us to get to them as quickly as provided.

Please respond with an extended timeline. Thank you.

The Director's Report for Basin 63 Part 2 will be submitted to the SRBA Court the week of December 12. Internal IDWR deadlines in preparation for the Director's Report require that I have all of the supporting documentation for claims to be recommended in this Director's report by October 31, 2005.

Please submit all supporting documentation for the Terteling claims, including the amended claims, by October 31, 2005. If I do not have the information by that time, I will recommend the claims based on the information I have.

Dear Mr. Westra:

This correspondence will notify you that my clients, the Terteling Company and T-7, LLC, have requested that I be designated as the attorney of record for all matters involving any water rights that they own. Such matters include SRBA claims filed by my clients, as well as any other water right proceedings in which they are currently involved. Please ensure that such changes are made to IDWR's records as are appropriate.

Dear Claimants:

Enclosed is a copy of the above referenced claim(s), which reflect the change in ownership of the land and appurtenant water rights, covered under the original filing.

Please note that the enclosed Notice of Claim to a Water Right is not a final determination of your water right. This claim was filed during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

Thank you for your patience and cooperation, as we have had several water right changes to process. If you have any questions concerning the enclosed claim, please feel free to contact this office.

RE: Notice of Change of Water Right Ownership No. 63-308, 63-22047, 63-27649, 63-27671, 63-30006, 63-30007, 63-31050, 63-31052, 63-31053, 63-31054, 63-31055, 63-31056, and 63-31057

Dear Claimants:

Enclosed is a copy of a Notice of Change of Water Right Ownership form that was recently submitted to our office. However, we cannot continue to process the ownership change without additional legal documentation. In order to complete this change, we need a copy of the warranty deed(s) showing the transfer from Terteling Trust No. 7 to T-7 LLC; which includes the legal description of the property by ¼¼, Section, Township and Range.

Please note for your information that claim number 63-22047 is in the name of Terteling Trust No. 8, rather than Terteling Trust No. 7.

Please submit the requested information, and we will be able to complete the review of the ownership change.

Thank you for your patience and cooperation, as we have had several ownership changes to process. Feel free to contact our office if you have any questions concerning this letter.

Sincerely,

Denise Hatfield
