IDAHO DEPARTMENT OF WATER RESOURCES
Adjudication Recommendation Report 63-31090 V1

Comments:

1. dnelson 9/21/2006 Claim Review

Comment: This claim is a beneficial use claim for wildlife. The claim was filed in conjunction with water right 63-21123, which claimed stockwater storage. This claim requests only a volume amount, so it should be wildlife storage instead of plain wildlife. The wildlife use is to allow claimant to keep the pond full year round for upland game, ducks, deer, and other wildlife.

The owner claimed 1.2 afa, which sounds reasonable compared to the size of the pond. The pond has less than an acre in surface area, and it does not appear to be a deep pond. This claim will be recommended with the standard domestic use limitation language. The priority date is acceptable per a letter signed by the claimant and his foreman stating that this pond was constructed on the date claimed.

WATER RESOURCES
WESTERN REGION

June 27, 2006

Daniel Nelson
Western Region IDWR
2735 Airport Way
Boise, ID 83705-5082

Dear Mr. Nelson:

RE A-63-31090 (Ponds @ Harvey)

First let me correct the Diversion point. The diversion and point of use are the same as 63-21123. SE4SE4NW4.

These ponds were built by my father David Little to provide water for livestock and wildlife water. We have always had livestock in the area (since the 1920's) and even had some culverts buried in the creek channel (Willow Creek) we pumped water out of the culverts. Prior to 1968 when we purchased the adjacent ranch, this was the only source of water for 2 miles. But as the neighbors up stream diverted more and more water it was necessary to build these ponds to store the water from spring for late spring and though the summer, fall, and winter: until spring runoff recharged the ponds.

1. For water for our livestock and
2. To have water for the indigenous wildlife; without water during the summer months the wildlife would perish, we hunted in the fall in this area.

Since I was not born yet, our foreman Elmer Bowman was in the area and can attest to the above facts.

Sincerely,

Brad Little

Attest to the above

Elmer Bowman (foreman for Dave Little during the time of original diversion)

RE: EVIDENCE OF PRIORITY

Snake River Basin Adjudication Claim No(s): A63-21120, A63-21123,
A63-21127, A63-31090, and A63-31091

Dear Claimants,

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated printout of the claim(s) for your reference only, it is not necessary to return this printout. You indicated, when this claim was filed, that the water right(s) was based on a "Statutory Claim" or "Beneficial Use" of the water.

Water rights of this type are established by historical beneficial use of the water, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources, since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled. **"What Kind of Evidence is Required"** and **"Some Examples of Documents Which May Be Evidence of the Priority Date."**

It is important that each element of the Notice of Claim be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

Page 2

Little Land and Livestock

In addition, since it is our goal to decree the historical water right within the Snake River Basin as accurately as possible, I will need some additional information on a couple of the rights to ensure they are recommended correctly. Could you please supply the following:

63-31090 – wildlife use from a manmade pond – We need evidence that the pond associated with this right was built with the intention to supply water for both livestock under water right 63-21123 and wildlife use under this right. We may not be able to allow this water right, if you cannot show that the intent at the time the pond was constructed was for both purposes.

63-31091 – wildlife use from a natural pond. We need evidence that the pond associated with this right was enhanced or improved in some way to provide additional water for wildlife purposes. Our office generally doesn't allow a wildlife use on a natural waterway unless it has been enhanced to provide better conditions for the wildlife using it.

The information requested above on water rights 63-31090 and 63-31091 and the required evidence supporting the priority date(s) requested on all of the water rights referred to in this letter needs to be returned to me by May 26, 2006. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

If you have any questions or concerns, please contact me at the above address.

Respectfully,

A handwritten signature in black ink, appearing to read "Daniel A. Nelson", with a long horizontal flourish extending to the right.

Dear Mr. Simpson:

Enclosed, for your records, are data entered copies of the Notices of Claim to Water Rights for Little Land & Livestock that you recently submitted to our office. Also enclosed is the receipt for the filing fees that were paid for these claims.

If you have any questions regarding these claims, please feel free to contact our office.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Lori Harris'.
