1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

Quantity. Quantity of water per household is enough for 2 households and a business.

2. Describe the changes you wish to make in the proposed recommendation:

The Quantity needs to be increased.

3. Give a brief explanation as to why you disagree with these portions:

We own a 5 bdrm 5 bath Bed & Breakfast. The quantity for domestic and irrigation is not enough, especially including 2 other households.

I AGREE with this proposed recommendation: no changes need to be made.
