SUBJECT: Notice of Claim to a Water Right Numbers 95-4370 & 95-14736

Dear Mr. Boisen:

The water right claims identified with the numbers shown above have been filed in the Coeur D'Alene-Spokane River Basin Adjudication. The claims indicate your water usage is based on "Beneficial Use". Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. Since the priority date and historic use of a beneficial use right cannot be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed and the historic use of the water.

Enclosed you will find the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

Also, I have enclosed a copy of each of these claims. Claim number 95-14736 is for instream stockwatering and needs to be signed and dated under item 16. Claim number 95-4370 was filed for the irrigation of 70 acres from Hauser Creek. This claim needs to have the location of the point of diversion amended to reflect the creek diversion located in the SW1/4SE1/4, Section 31, T52N, R5W which was determined from the July, 2014 field inspection. This is the diversion located right below the house which is used to irrigate the 1/2 acre holding pen. Has this diversion point always been used? If not, when did you begin using this site? I'm enclosing a copy of the original statutory claim so you can see the difference between what was claimed when this was filed in February, 1977, and what was found during the inspection. I've also enclosed a map showing the diversion point and ask that you verify this information before amending the claim. Be sure to sign and date this claim under item 15, page 3.

Please return these two claims, to my attention, by **August 10, 2015**. Be sure to contact me if you have any questions or concerns. I can be reached at (208) 762-2802 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
