1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

My only disagreement is that an irrigation/Livestock (purpose of use) was not also included for this property as was originally allowed stipulated for previously @ 20 gpm

2. Describe the changes you wish to make in the proposed recommendation:

Please include an irrigation/Livestock (purpose of use) for this property as we live on the CDA River & use water from there for irrigation/Livestock

We were allowed for this in the original documentation

☐ I AGREE with this proposed recommendation: no changes need to be made.
