Gentlemen:

Our records show you have filed your adjudication claim(s) in the Snake River Basin Adjudication. Our records do not, however, include a clear map of your service area. Would it be possible for us to get a map of your customer service area for your municipal water system, both to supplement the record of your claim(s) and for use as described below?

In our review and investigation phase of the Snake River Basin Adjudication, the map would be helpful for us to have this information in verifying individual claims to water rights for domestic purposes. We will be happy to discuss with you the most convenient way for you to provide this information to us. I can be reached at 327-7931 or you may contact my assistant, Anita Warntjes at 327-7986.

Your assistance in this matter is greatly appreciated.

Sincerely,

DAVID B. SHAW
Adjudication Bureau Chief

CALLBACK

CITY OF SHOSHONE

He is representing the City and reviewing their water rights. He spoke earlier with Vikie Hancock and received some PD's on the groundwater rights. I told him I have drafted the recommendations for the surface water rights. The main difference from the claimed info is the POU acres; I have reduced the actual acres irrigated to 41 from the 136 claimed. This is to account for the roads and houses that are not irrigated. If they have better data to show the actual irrigation I am certainly open to review that info. No reduction in the flow rates at this time even though the duty of water is at 3"/acre (0.06 cfs/ac.) I may be able to justify this rate.

Claims are 37-606C, -560A, -560B, -691G.
