1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

priority date

2. Describe the changes you wish to make in the proposed recommendation:

I would like to change the priority date from 8/18/99 to 1979.

3. Give a brief explanation as to why you disagree with these portions:

When I filed, I thought I was supposed to give the correct date of construction of the current well. The well that is in use replaced one that was constructed in 1979 that supplied household & stockwater up until 1999.

I AGREE with this proposed recommendation: no changes need to be made.
