We owned the property at 41888 C Silver Valley Rd. Kingston for 27 years. There is a spring and a holding tank on the 3 acres that supplied water for irrigation and used for the house and 5 trailer spaces. It was used & Maintained by Jim Wilson who lived next door for many years. Jim Wilson told me that he helped repair the Spring & holding tank back in the 1950's & used it through the 1970- 80's. We used it in the late 1980's through 2003 when we sold the property. We bought the property in the early 1980's. We were told the property early on was owned by the Fitzgerald family then the John Young Family & we bought it from the Chuck Beatty family.
