J.W.

Subject: Notice of Error Reply

Per phone conversation with Cally Blalack on September 3, 2015, in regard to the Notice of Error reply requesting an increase to 26,000 gallons per day and the addition of a second home to the claim.

I explained the domestic definition of ID Code 42-111(a) and she no longer requests that increase. Also, the 2nd home has not been built and after I explained how a water right is established she agreed with our initial recommendation of one home at 0.04 cfs.
