Telephone number: (208) 659-2388

1. Describe the portion of the proposed recommendation with which you disagree (e.g.) priority date, period of use, source):

I disagree with the proposed recommendation's statements of the quantity, the points of diversion, the places of use, and the source.

2. Describe the changes you wish to make in the proposed recommendation:

I wish to change the above portions of the proposed recommendation to match the statements in the Notice of Claim to a Water Right for this water right number.

3. Give a brief explanation as to why you disagree with these portions:

The Notice of Claim states that the quantity is 0.030 CFS, while the proposed recommendation states that it is 0.020 CFS. The proposed recommendation states that the quantity of water under this right shall not exceed 13,000 gallons per day, but the Notice of Claim does not state this. Two points of diversion are listed in the proposed recommendation, but not in the Notice of Claim. There is one place of use listed in the Notice of Claim but not in the proposed recommendation. The proposed recommendation states that the source is Unnamed Stream, but the Notice of Claim states the source is Spring; Springs; Blue Lake.

 I AGREE with this proposed recommendation: no changes need to be made.
