1. Describe the portion of the proposed recommendation with which you disagree (e.g.) priority date, period of use, source):

I disagree with the proposed recommendation's statements of quantity, source, points of diversion, and places of use.

2. Describe the changes you wish to make in the proposed recommendation:

I wish to change the above portions of the proposed recommendation to match the statements in the Notice of Claim to a Water Right for this water right number.

3. Give a brief explanation as to why you disagree with these portions:

The proposed recommendation states the quantity is 0.020 CFS, but the Notice of Claim states it is 0.030 CFS. The proposed recommendation states that the quantity of water under this right shall not exceed 13,000 gallons per day, but this restriction is not included in the Notice of Claim. The proposed recommendation states that the source is Unnamed Stream, but the Notice of Claim states the source is "Spring" and "Swan Lake." There is one point of diversion listed on the Notice of Claim but not the proposed recommendation. There are two points of diversion listed on the proposed recommendation but not the Notice of Claim. The places of use listed on the proposed recommendation and the Notice of Claim do not match, except for the following:

T48N R03W S25 SE SE

 I AGREE with this proposed recommendation: no changes need to be made.
