Doug,

All in all, the recs look pretty good. There are a couple of BLM descriptions to remove and we will need a modified no fed land remark (see below).

POU to remove on BLM:
T04S R19E S07 SENW and NESW
T09S R21E S32 Lot 4 (NESW)

There are multiple mixed POUs and authorized agriculture and stockwatering on BOR (see Lot 17, S31, T08S, R20E). Therefore it would be appropriate to modify the standard no fed land remark to read "Place of use does not include federal public lands unless authorized in writing by the managing federal agency."

Duplicate entry (that we noticed):
T04S R19E S26 NESE
T04S R19E S26 Lot 1 (NESE)
T08S R19E S13 SWNE
T08S R19E S13 SENE
T08S R19E S33 NWSW
T08S R20E S31 SWSW
T09S R19E S02 All listed except SESW and SESE

NOTE:
We noticed some POUs missing from the list that are in the boundary (see NENE, NWNE, NWNW, SWNE etc. S05, T09S, R20E). It seemed to start happening in the areas we were looking at on page 54 and after. Maybe there was a glitch in the system and this monster will be 100 pages. Hope not.

FYI, these don't look like they are within the boundary (not BLM land):
T04S R19E S08 NENE
T06S R19E S16 NWSE
T06S R19E S22 SWNW
T09S R20E S04 SESE
