Subject: RE: Wegner-Challis rights

Hi Nick,

I've been out for a couple weeks now with a leg injury and just got around to checking on all my email. Don't know if it's too late for answering your questions or what, but the answer to the first question is that we generally gave them what they asked for up there, as far as "highwater", as long as the ditch could hold it. Hubble calculations showed the soil type for the 12 recommended acres could justify up to 0.36 cfs/acre (total of 4.32 cfs), so the 1 cfs for highwater seemed reasonable, especially since the water had so far to travel in this case.

As far as the other question on the range, YES, it was a typo! And to think both Doug and I double-checked the recommendations too...I hate it when I do that! Do you still want me to correct it or has it already been taken care of??
Thanks, Jeanie

Hi Jeannie. I have questions regarding two aspects of the new recommendations.

First, I received a voice mail from Norm Semanko regarding the diversion rate for the Wegner high water claim. He thinks it looks awfully high, and would like to know how we calculated it. Did we base it on a Hubble, or was it based simply on the theory that they are entitled to capture the full capacity of their diversion system, or was it based on something else?

Second, I received a call from Teri Hranac a few minutes ago. She had a question about 72-16566: she noted that the range in the legal descriptions for POD/POU on all the other Wegner Challis recommendations was Range 18; but on 72-16566 is it listed as Range 19. She wanted to know if that is a typo. If so, can you correct the R-record, and we can prepare a corrected director's report here tomorrow and ship it off to the court and parties. Thanks. NBS

On October 19, 1999, the Court heard the Challis' Motion to Dismiss. Based on the stipulation of counsel for the parties made in open court on that day, the Court hereby orders that the Motion to Dismiss is denied because Robin Wegner has closed on certain property, including water rights, adjacent to that owned by Mr. and Mrs. Challis and therefore has standing to be a party in the Snake River Basin Adjudication.

IT IS SO ORDERED This 30 day of November, 1999.

Hi Jeanie. I called you earlier, talked to your v-mail, and then got smarter and decided to send you e-mail instead. Don gave me Wegner's late claims yesterday late afternoon, saying you could answer any questions I had. What does "NP" mean on the Post-It's you(?) stuck on the claims? (Not Paid?) (Not Pretty?!) (Not Perfect?!) I can't decipher the initials, but am assuming it was you who put them on.

I entered the receipt number for the domestic claim, printed a copy for Wegner and will send it with her/him (?) with the rec't as soon as I hear from you. If he/she still owes \$50/irrigation claim, I want to incorporate that into my letter.

Thanx very much for your help.

Don,
There is nothing in the folder of A72-16559 except a copy of my Request for Extension of Time thing and a copy of the first page of a paper claim for a spring. (I assume this was for irrigation purposes.) Then in A72-16560 and A72-16566, there are SF4s. I will Fax you copies of page 3 and mail copies of the entire packets. Let me know if you need anything else...

Jeannie, I'm unable to find the motions for A72-16559, A72-16560 and A72-16566 here. Even Sandy's tracks for the Repository have a gap. In the immediate future to respond to Jack Challis's questions, would you FAX me the pages for these claims where the fees are addressed? In the longer term, would you send me/us a photocopy of the entire motion package?

Thanks,

Don
