SUBJECT: Notice of Error Reply on Notice of Claim to a Water Right Number 94-9123

Dear Mr. Rice:

The Idaho Department of Water Resources has reviewed the Notice of Error Reply for the above referenced water right claim. We are unable to make the requested change to the water right claim recommendation for the following reason:

The Notice of Claim to a Water Right dated October 17, 2012 was filed by RMH2 LLC on the basis of beneficial use for three homes with a claimed priority date of June 16, 1983. Our records show that the float house was not on the property at the time the claim was filed, and consequently, cannot be added to this water right claim.

If you would like to file a Notice of Claim for the ground water usage at the float house, you may do so by filing a Notice of Claim to a Water Right; representing the first usage date of the well at the float house. I have enclosed a copy of the Notice of Claim form with instructions, for your convenience.

Also enclosed is a pamphlet entitled "A Water Users Information Guide". This pamphlet explains the difference between appropriating a new water right from a surface water source versus filing a claim for domestic purposes from a ground water source.

Please feel free to contact me if you have any questions. I can be reached at (208) 762-2800.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
