To Whom It May Concern,

I am writing to you to make clarifications with regards to the Notice of Claim to a Water Right that I originally filed on 10/07/2014. Specifically I misstated the Date of Priority on the initial form. The following relates to ID Number 94-9360. On that application we should have used the date that we initially installed the well on the property. For reference I purchased the parcels of land in Shoshone County with the recorded parcel # RP50N02E279400A as well as RP50N02E340600A AND RP50N2E340650A, on or about 1961. On or about June of 1963 I commissioned the sinking of a well to a depth of 24 feet. This water is used primarily as a domestic potable water source for this property.

I am returning to you an amended copy of the NOTICE OF CLAIM TO WATER RIGHT and have modified the Date of Priority to reflect the actual year and month the well was sunk.

Sincerely,

Dale B. Lavigne
