Application for Permit 45-07578

Dear Cindy:

Pursuant to the change in ownership request that has been submitted to the Department, we have changed the record of current ownership on all the above listed claims and water rights except 45-07578 to Cummins Farms Inc. Enclosed please find printouts of these records showing the change in ownership.

Changing 45-07578 requires Howard Conrad to complete an Assignment of Application for Permit form. I have enclosed one of these forms for your use. The next time you see Mr. Conrad, have him complete and sign the form, have it notarized then return it to this office.

There is a notation by Howard Conrad on claim A45-10274 that states "These lands have been watered from my irrigation system and farmed by me for many years; however, I do not own the land and no water right has ever been recorded for this use." This property was not included in the conveyance documents supplied with the owner change form. Even though this claim was changed into Cummins Farms Inc., we need for our files documentation that Cummins Farms Inc. does indeed own the property or a copy of the agreement Cummins has with the owner of the property. Having this information in our files will help to protect your claim against any counter claims. Give me a call, Cindy, if you have any questions or I can assist you in any way.

Sincerely,

Trish Fawcett
