RE: EVIDENCE OF PRIORITY, FIELD EXAM -
Snake River Basin Adjudication Claim No(s): A63-31402

Dear CALVIN CALHOUN:

In the past, STEVEN HENRICKSON submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. You may be the owner of this water right claim. Enclosed is a computer-generated printout of the claim(s) for your reference. STEVEN HENRICKSON indicated, when this claim was filed, that the water right(s) was based on a "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

In addition, since it is our goal to decree the historical water rights within the Snake River Basin as accurately as possible, field exams are now being conducted by Department water resource agents to verify claims in this area. Therefore, please call me with a contact person and phone number so that an IDWR subcontractor, either Ms. Sandy Hemenway, Ms. Merlaine Bishop or Mr. Burke Scholer can contact you within the next few weeks to schedule a field exam.

The required evidence supporting the priority date(s) requested needs to be submitted by March 24, 2006. Please call me as soon as possible if you think you may own a portion of this claim, to provide a contact number or to let me know if you may not be able to submit proof of priority or if you have any questions not covered by this letter and the enclosed pamphlet.

Calvin Calhoun

Lastly, Idaho statutes require that the Idaho Department of Water Resources (IDWR) be informed of a change in water right ownership within 120 days of the property transaction. If you purchased the property referenced in this letter and intend to pursue the claim to a water right filed by STEVEN HENRICKSON in the SRBA, please fill out the change of ownership form and send it with the required documentation to my attention at 2735 Airport Way, Boise, ID 83705. Please call me at (208) 334-2190 if you have questions.

Re: Original Notice of Claim to a Water Right No. 63-19713

Renumbered to Notice of Claim to a Water Right No. 63-31402

Dear Claimant(s):

We have received and processed a Change of Ownership for a portion of your original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by issuing a new water right number to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new water right number reflects your remaining portion of the original claim after the change of ownership. Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office. Also enclosed is a copy of the original claim for your reference.

If you have any questions concerning this ownership change, or the enclosed claim copy, please feel free to contact this office.

Sincerely,

Denise Buffington
