St. Maries ID 83861

To whom it may concern:

I have been asked to research parcel RP46N02W215308A. This property has a situs address of 2368 St. Maries Avenue. Benewah County became a county in 1915 which was broke off from Kootenai County. The information for some of the years are listed below. Keep in mind that on the more currant years you have to sign up for certain categories in the Assessor's office. Some tax payers did not understand this process. Also in the early years you were taxed on farm animals and now you are not. I am unsure of what year that happened. The information is what I found that this parcel was taxed on. If you have any question please contact my office and I can show you documents if needed.

1915 Agriculture land only
1918 Agriculture land with improvement/2 common cattle/4 milch cattle/2 horses
1925 Agriculture land with improvement/5 common cattle/5 milch cattle/2 horses
1934 Agriculture land with improvement/1 milch cattle 1 sheep or hog
1944 Agriculture land with improvement/ no animals
1950 Agriculture land with improvement/ no animals

Thank you,

Sara Sexton
Benewah County Treasurer
