Subject: Evidence of Priority

On July 23, 2015, Mr. John Lambros came into the office to submit a change of ownership on claim numbers 94-8873 and 94-8874. At that time I advised Mr. Lambros that we would need evidence of the first usage date for both claims, gave him an evidence of priority brochure and requested he return this information as soon as possible.

On August 3, 2015, he called to advise me that he was unable to obtain an affidavit from the previous owner but thought he may be able to get one from a neighbor who knew of the usage. I explained to Mr. Lambros that without the evidence of priority we may be able to recommend a domestic and/or stockwater usage or that an application for permit may be appropriate.

As of October 27, 2015, no further response has been received.
