RE: Amended SRBA Recommendations for 67-467A, B, C and 67-468A, B, C

Dear Claimants:

This letter is to inform you that the recommendations for the split portions of 67-467 and 67-468 have been amended based on new evidence. Through the Notice of Error (NOE) process, 1919 tax assessment records were submitted as additional evidence of which ground was the historically irrigated under rights 67-467 and 67-468.

The recommendations for this right have been adjusted three times. The first time the decreed rights were distributed based on what was interpreted to be the original irrigated ground.

There was claimant disagreement with this distribution based on this procedure so lacking better evidence, I recommended the split proportions based on water master records, knowing that there was evidence to indicate that the water master records were wrong for rights 67-467 and 67-468 as they show delivery of more water than was originally decreed.

After the preliminary mailing was sent out, Mr. Dunham provided 1919 tax assessment documents that showed how much irrigated ground existed in each of the decreed 40 acre tracts. The actual acreage shown in the 1919 tax roll was 140 acres and a total decreed acreage between the two rights was 131.2 acres.

By taking the number of acres in each 40 and dividing it by the total 140 acres, we came up with a percentage of irrigated ground per QQ for the decreed POU. That percentage was then used to calculate how much each split portion had from each decreed right.

The 1919 tax assessment roll appears to be the most reliable date I have currently. If you disagree with the recommendations for your water rights, you will have a chance to file an objection and be heard by the SRBA court.

Respectfully submitted,

Craig L. Saxton
Sr. Water Resource Agent

Ownership Change Memo

Date: December 15, 2006

To: File 67-467B, 67-468B, and 67-4548B

From: Craig L. Saxton

In office meeting with Ron Dunham on Dec 11, 2006, we discussed ownership of the property under the above mentioned rights. Ron said that the property was his mom's place but she has since deeded it to him and we needed to change ownership.

What he sent in was the deed confirming ownership of the property, but he never sent in a change of ownership form. Based on my conversation with him and all evidence shows he is the owner of the property and the associated water right, I am changing ownership on the above rights.
