Gary ✓

DATE: 9/12/2002

FROM: Lori Graves

TO: Steve Lester, Jan Shurte, Gary Spackman

RE: Little Weiser Irrigation District Complaint

Isaac Ward, representing the Little Weiser Irrigation District, called to complain that five separate individuals were "spreading" river water on acres that have not been historically irrigated. I met with Isaac at the Indian Creek Store 8/22/02, where he identified the specific acres on associated maps that I had brought. After researching the problem, I found that the landowners had included the additional acres on their decreed rights.

As Isaac pointed out, the expanded acres should not be allowed the same priority as the original decreed acres. Because specific acres were not identified in the Allison/Muir decree, Gary Spackman stated that the PPU's claimed should be limited to the duty of water decreed, which was 5/8ths inch/acre. Jan Shurte stated that at the time of claims taking, listing PPU's was allowed. Now a separate beneficial use claim is required for expanded acres, with the date of priority being the time of the expansion rather than the decree date. This right, when combined with the decreed right, cannot exceed the decreed flow rate for the original acres.

The following is a list of individuals and their associated rights that include expanded acres:

To resolve the Irrigation District's complaint, separate beneficial use claims need to be filed on ~426 expanded acres before the 2003 irrigation season. I will coordinate this claims taking process with SRBA staff ASAP.
