TRANSFER
MEMORANDUM

TO: FILE
FROM: DANIEL A. NELSON
DATE: 8/10/2000

RE: WX RANCH TRANSFER, RIGHTS 67-00491

The transfer proposes to move the point of diversion from the Morey-Smith- Crouter ditch in SESW S9 T14N R2W to the Mink-or-Allison ditch in SENE S10 T14N R2W. The applicant will also change the place of use to 260 acres within a 288.8-acre permissible place of use to match the land already irrigated with storage water from Little Weiser Irrigation District.

DOCUMENTS AND APPLICATION PREPARATION

The application consists of 6 pages and 3 attachments. Note the location of the following application items:

Attach. A - CSFA aerial photo showing lands irrigated in last 5 years and farms boundaries.

Attach. B - 1987 aerial photo showing irrigation in 1987 and border for place of use.

Attach. C - Proof of ownership documentation (C1 through C2)

Applicant prepared the application with assistance from Lori Graves.

Other information used in this review includes Place of Use Comparison Sheets, Point of Diversion comparison Sheet, and Partial Copy of Muir vs. Allison decree attached to this memo.

NARRATIVE

The change in point of diversion should not make that much difference to the water rights. The only problem will be the other users on the ditches. Comment letters have been sent to a few people who are active in the water district.

Originally this application used the Snake River Basin Adjudication claim to determine the number of acres to transfer. The adjudication claim listed 284 acres being irrigated. However, a review of the Muir vs. Allison decree revealed that the original decree allowed $\frac{5}{8}$ of inch of water per acre. $\frac{5}{8}$ of inch per acre divided into the 3.25 diversion rate for this right allows 260 acres to be irrigated under this right. I spoke with our adjudication staff and they agreed that this right would be limited to 260 acres.

Page 2
WX Ranch memo

Mr. Ward agreed to amend his transfer application to include a permissible place of use of 260 acres within the 288.8 acres place of use. I performed an acre calculation of the total lands irrigated using Arc View and found 288.8 acres were irrigated in 1987. The Little Weiser Irrigation District (LWID) delivers water to irrigate the 288.8 acres giving Mr. Ward the ability to irrigate the entire 288.8 acres. Mr. Ward stated that he rarely irrigates his entire farm until the LWID rights are being delivered.

RECOMENDATIONS

This transfer should be approved under the following conditions:

- 1.) No more than 260 acres can be irrigated in any season with this water right until LWID water has been released and only LWID water can be used on the remaining 28.8 acres.
- 2.) When combined with LWID water no more than 0.02 cfs or 4.0 cfs per acre can be applied.
- 3.) This right should only allow 5/8 of inch or .0125 cfs per acre with a total diversion volume of 4.0 afa per acre for 260 acres.

Dear Mr. and Mrs. Hollon:

Enclosed are copies of Notices of Claim #67-491 and 67-10191. Thank you for your patience.

We did not change Notice of Claim #67-14238 because the legal description for the place of use for this claim (T14N R2W Sec. 30, NWSW) was not among the lands included in this sale.

If your mail delivery address changes in any form, please contact us in writing so we can update our records to assure you receive important notices concerning your claims. Please call me at 1/800-451-4129 if you have any questions or concerns.

To: File

From: Dan Narsavage

Subject: Change of Ownership request for SRBA claims:

- 67-491
- 67-10191
- 67-14238

The Problem:

- ✓ From the deed submitted with the change of ownership, I can confirm that all of the lands described as places of use in the adjudications claims 67-491 and 67-10191 (all within T14N R2W) are contained within the lands sold to Richard and Marilyn Hollon.
- ✓ However, the legal description for the place of use for adjudication claim 67-14238 (T14N R2W Sec30, NW of SW) was not among the lands included in this sale.

Conclusion:

- ✓ Please proceed with the change of ownership for the adjudications claims 67-491 and 67-10191. Also, please send the standard letter to the interested parties informing them that adjudications claim 67-14238 is inapplicable to the deed enclosed with this change of ownership form.
