Guide To Reviewing Your Partial Decree Water Right In The Snake River Basin Adjudication

Idaho
Department
of Water
Resources

5th Judicial
District
Court
of Twin Falls

Congratulations **Here's your decreed water right!**

You have received your partial decree of water rights in the Snake River Basin Adjudication (SRBA) with this brochure. The partial decree is the SRBA Court's official decision on your water right based on the claim to a water right you submitted.

The term "Partial Decree" simply means your water right represents only a small portion of the future SRBA decree. This partial decree is final; however, you have the opportunity to correct errors and the right to an appeal.

The partial decrees being issued at this time cover only small domestic and stockwater water rights in Water Basins 34, 36 and 57. The first two digits of your water right identify the basin. Please note that contested claims and claims to water rights for irrigation and other uses are still being processed.

This brochure is designed to help answer questions you may have about your water right and to provide a way to get more information or to have your questions answered.

Commonly Asked Questions

1. Do I need to do something?

Yes. Carefully check your partial decree to make sure all the information is correct. If there are errors, call the Idaho Department of Water Resources (IDWR) to request a change form. If you have a question about the decree, contact IDWR for further information. The phone numbers are on the back of this brochure.

If a change is needed, mail the form to IDWR within 60 days of the date printed on your partial decree.

If the partial decree correctly describes your water right, you do not need to do anything more. However, be sure to keep IDWR notified of any changes in ownership for all your water rights.

2. When will processing on my other water rights be completed?

The domestic and stockwater partial decrees are being mailed in numerical batches during Nov. and Dec., 1996. Finalization of partial decrees on irrigation and other non-domestic and non-stockwater rights is ongoing. These partial decrees will be issued as hearings are completed. For more information, contact IDWR.

3. This is a copy of the partial decree for my water right. Where is the original?

The original partial decree for your water right will be retained by the Snake River Basin Adjudication (SRBA) Court, and a certified copy will be permanently archived at IDWR. Copies are available upon request.

4. Why does this partial decree have a different format from the document that was mailed to me in 1992?

The new format has basically the same information as the previous document. We have designed this new format to be more easily read. We also put any remarks near the element of the water right that they modify.

5. When will the SRBA be completed so my partial decree becomes part of the final decree?

The final decree will be issued at the end of the case when all water rights have been reviewed and disputes resolved. The SRBA Court and IDWR are moving forward as quickly as possible. This is a large, complex case with many legal and technical problems to resolve.

We anticipate that finalization of the process will require many more years of hard work. In the meantime, your partial decree represents a completion of the effort to decree your individual water right, and if you are not advised otherwise you can consider this process complete.

6. When will partial decrees be issued for other basins?

The SRBA Court and IDWR are setting up the procedures to issue partial decrees for small domestic and stockwater rights in other basins.

RE: Domestic and/or Stockwater Rights in Basins 41, 43 and 45
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your domestic and/or stockwater water right(s) in basins 41, 43 and 45. We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended domestic and stockwater right(s) in your area. Water rights for irrigation and other purposes in these basins will be recommended in a later process.

Note that you have 120 days in which to file any objection to our recommendation and to review the domestic and stockwater water rights of other claimants, including those of the United States. Information on the other water rights can be found at the county courthouses in American Falls, Malad City, Burley and Twin Falls, and at all of the Idaho Department of Water Resources offices (see addresses in enclosure).

If the Court does not receive an objection from you about our recommendation, and no other party objects to your water right, your water right will be decreed later this year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions that you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director
