Subject: Change of Ownership for Water Right No. 94-2093

Dear David and Kellie Bennett:

The change of ownership form you submitted for Water Right No. 94-2093 has been brought to my attention because a Notice of Claim for that water right will need to be filed in the Coeur d'Alene-Spokane River Basin Adjudication (CSRBA). However, if you are using the water to irrigate less than ½ acre in conjunction with a domestic (household) use, filing the Notice of Claim in the CSRBA may be deferred. More information about filing a claim may be found at this link to a Idaho Department of Water Resources' web page.

http://www.idwr.idaho.gov/WaterManagement/NorthIdAdju/PDFs/NIA_FAQ_Card.pdf

Should you decided to file a claim, we can apply the \$25.00 fee you paid for the change of ownership under Receipt No. N024456 to the claim filing fee. And, if you claim only a domestic use in the CSRBA, the \$25.00 will cover your entire filing fee. Here is the link to the web page that lets you file your Notice of Claim online. (Note: When you enter your new ownership information online and submit the claim, the change of ownership form you submitted is no longer needed and it will be returned.)

<https://www.idwr.idaho.gov/onlineclaimstaking/login.aspx>

Additional links to information on the adjudication process can be found at this web page.
