RE: SRBA Claim(s) 45-10798, 45-10799

Dear Claimant:

Please find the enclosed copy of the Notice of Completed Administrative Proceeding which the department has filed with the SRBA Court regarding the above referenced claims. You have received this notice pursuant to SRBA Court Administrative Order 11 requiring IDWR to report to the court and interested parties any pending changes to adjudication claims in basins for which a Director's Report has been filed with the court.

Please contact this office if you have any questions about the notice or the administrative process.

Sincerely,

Trish Fawcett

RE: AFFIDAVIT SUBMITTAL

Dear Mr & Mrs Beck:

I am in receipt of the Wyatt affidavit and would like to provide some feedback to you with regard to the various claims in your ownership. Presently IDWR understands you have three claims filed: A45-10797, A45-10798, A45-10799.

The affidavit submitted appears to relate to A45-10797, the irrigation claim (copy attached). We do have this affidavit on file for this right as previously sent to us in 1993. In as far as the affidavit asserts the well was first used in 1957 it thus appears to support the claimed priority of 4/15/1959. If an earlier date than 1959 is sought then you must amend your claim. You may do this at this office. I recommend that you call for an appointment with an SRBA agent, though we do work with walk-in customers. This claim appears to be based on license number 45-02640X~~B~~ copy enclosed. This license is for 4.18 cfs and ultimately your claim may be limited to this amount.

Claim A45-10798 is a domestic claim for use in a house. If you desire to change the date for this claim then I recommend that you make an appointment or come in and we'll try and fit something together. You will probably need to object to this right and then some changes can be negotiated. As it is, we can't just change the date.

If you have any questions please contact us.

Sincerely,

Douglas Jones, P.E.

I have been asked to certify when the well on the S1/2 of Section 4, 11 South, Range 22 East was first used and the ground was first irrigated.

As near as I can remember, the well in the SW1/4 SW1/4 was drilled during the fall of 1956 and was first used in the spring of 1957.
