Subject: Amended Claims 93-4020 & 93-4021
Attachments: 93-4020_D&S_Layout.pdf; 93-4021_Stockwater_Claim.pdf; Certificate of Mailing 93-4020.pdf; 93-04020 Amended Claim.docx; 93-04021 Amended Claim.docx

Good Morning Mr. Turnbow,

Per our conversation yesterday, I am sending you two different e-mails with multiple documents. One e-mail will contain information about the amended NIA claims. The other will be regarding the new permit for the pond.

This e-mail is related only to the **Adjudication Claims**.

I have attached 5 files:

- o Amended claim 93-4020
- o Claim map 93-4020
- o Amended claim 93-4021
- o Claim map 93-4021
- o Copy of the Certificate of Mailing 93-4020

As we discussed, I made some adjustments to the claims that differ slightly from the original statutory claims such as changing the stock season of use on 93-4020 to year round. I have more accurately described the points of diversion on both claims as well, but you should compare the claims with the attached maps to make sure things fit.

You asked what the issue with the priority date was about in the hearing. I wasn't in the hearing and wasn't even close when I told you what I thought it was about over the phone. I went and spoke with our Attorney General's Office representative and she told me that the issue was that the claimed priority dates needed a month, day, and year.

- 93-4020 originally claimed October 1972. The attached draft amended claim describes the priority date as October 1, 1972.

- 93-4021 originally claimed 1934 as the priority date. The attached draft amended claim describes the priority date as April 1, 1934. I thought April 1 might be appropriate because that is the beginning of the irrigation season and I thought things might be unthawing. Change it to whatever dates you think are appropriate, just make sure you have a month, day and year.

Please review the draft claims and associated maps and make any changes to the claims or maps you wish to make. Please drop me a line if you have questions. If the claims are to your satisfaction, sign and date each claim in the signature block on page 2. You will need to submit the Amended Notice of Claim to the court, and send copies of the amended claim to the same entities listed on the certificate of mailing that you filed with your original claims. I have attached a copy of the certificate of mailing from your original filing of to assist in identifying those entities needing copies.

Please let me know if you have questions, or if there is something that doesn't look right. These are your claims so they should reflect what you feel your water rights are.

Respectfully,

Craig L. Saxton
