RE: Notice of Claim (claim) to a Water Right Number 94-4061, Joint School District #391

Dear Mr. Dodson:

You are receiving this letter because you are listed as attorney of record under Notice of Appearance on the Notice of Claim to a Water Right listed above. This is the claim filed by the Joint School District for storage on a pond located on Jackass Creek, used for irrigation surrounding the Kellogg High School.

This claim was initially recommended for disallowal because evidence supporting an irrigation usage with priority date of September 1, 1956, has not been submitted. (See our letter of June 16, 2015, attached.)

On November 3, 2015, a field inspection was completed at the Shoshone Medical Center for their water right claim, and it was at this time that I met with Tim Etherton, who submitted evidence of the irrigation usage at the high school. This has resulted in an amended Notice of Claim for the Joint School District which, due to the Notice of Appearance, is being sent to you. Please review this claim, and if it meets with your approval, sign and date under item 15. A copy of the original claim is included for comparison purposes.

We will be submitting all claims in Basin 94 within the near future so I ask that you return this information, to my attention, by *November 27, 2015*. If you would prefer, we may send this information directly to the facilities manager, Tim Etherton; however, due to the Notice of Appearance, will need your direction before doing so.

If you have any questions, I can be reached at (208) 762-2802 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Sr. Water Resource Agent
