Water right number: 94-9369

Claimant: City of Harrison, PO Box 73, Harrison, Idaho 83833

Attorney: Mariah R. Dunham of Morris and Wolff, P.A., 722 Main Avenue, St. Maries, Idaho 83861

1. Describe the portion of the proposed recommendation which you disagree (e.g. priority date, period of use, source):

Clamant objects to the second proposed condition which states as follows:

To the extent necessary for administration between points of diversion for ground water, and between points of diversion for ground water and hydraulically connected surface sources, ground water was first diverted under this right from City of Harrison Well No. 1 located in T47N, R04W, S01, NESE (Lot 7).

2. Describe the changes you wish to make to the proposed recommendation:

The clamant requests removal of the proposed condition.

3. Give a brief explanation as to why you disagree with those portions:

Neither of the City's licensed ground water rights include the condition; this well is interconnected. For purposes of consistency, the condition should not appear on the City's beneficial use-based claim, 94-9369.
