RE: Water Filings

Dear Mr. Price:

In response to your recent conversation with Karl Dreher, Director of the Department of Water Resources, I have been asked to review your water filings for your lands in Sections 35 and 36, Twp. 10S, Rge. 21E, B.M. and Section 2, Twp. 11S, Rge. 21E, B.M.

Please understand that the department keeps two sets of records, the first consisting of the present water rights records and the second consists of the claims filed in the Snake River Basin Adjudication (SRBA).

A review of the present water rights records finds there are three associated with your property as follows:

- License 45-02631 for irrigation of 167 acres in Section 2 from a well.
- Statutory Claim 45-04265 for irrigation of 30 acres in Sections 35 & 36 from waste water.
- Relinquished Application 45-07527 which does not represent a water right.

A review of the claims in the SRBA finds you have filed three claims for water uses on your property as follows:

- Claim A45-02631 for irrigation of 167 acres in Section 2 from a well. The claim is based on the above listed license 45-02631.
- Claim A45-10000 for irrigation of 37 acres in Sections 35 & 36 from well water or waste water from lands irrigated from license 45-02631. **This claim appears to be a modification of Statutory Claim 45-04265.
- Claim A45-10001 for domestic purposes from a well for a house in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 25, Twp. 10S, Rge. 22E, B.M.

In summary there is nothing pending with regards to present water rights filings. As for the status of the SRBA claims, they have not yet been reviewed by the department but will be reviewed in the future. At the time when Basin 45 is reviewed you will be contacted and you will be notified of any department or SRBA court action taken with regards to your SRBA claims.

If you have any questions regarding these matters, please feel free to contact our office.
