INSTRUCTIONS

Frank L. Wilson, Arthur F. Wilson, and Mary L. Wilson
C/o Stanton Park
Mountain View, Idaho

Boise, Idaho, Oct. 4, 1949

Dear Sir:—

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. 75577.

This form should be filled out and mailed to the Department of Reclamation, at least 60 days before the date upon which proof is to be submitted, which proof **MUST** be on or before November 1, 1949. Upon receipt of the blank properly filled out, notice for publication will be sent to the paper direct from this office, which must be published a period of four weeks prior to the date of proof.

The proof is to be submitted at any place convenient to you and two witnesses where there is a notary public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application is made, as it only confirms the completion of the works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

W. K. L. P.
Commissioner of Reclamation
