Subject: OWNERSHIP CHANGE OF CSRBA WATER RIGHT CLAIMS 95-4172 & 95-7804

Dean Gill,

As per our phone conversation this afternoon, here is a recap of what we discussed. You inquired about an ownership change for CSRBA Water Right Claims 95-4172 and 95-7804. As you are the new owner of the tax parcels containing these water right claims, you will need to submit a Notice of Change in Water Right Ownership form along with a copy of the signed warranty deed. The change in ownership form can be found at <http://idwr.idaho.gov/forms/adjudication.html> and there is no charge for the change. As I stated in our conversation, Water Right Claim No. 95-4172 has been disallowed due to the well completion date being after the mandatory permit statute for groundwater sources. Further irrigation of the claimed land, 51N 06W Sec. 25 SENE & NESE, will be deemed as illegal use if you do not file for a water use permit. For assistance with your permit application, please contact Adam Frederick at (208)762-2805. You had also inquired if it was possible to utilize water diverted from your well in Idaho to irrigate your land in Washington. After checking with my supervisor, this is allowable, but you will be required to apply for a water use permit.

If you have any other questions or concerns, please contact our office staff at (208)762-2800 and we will be happy to help.

Regards,

Evan W. Roda
