RE: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-15747

Dear Claimant,

The Idaho Department of Water Resources has received the Notice of Claim to a Water Right form you submitted for Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-15747. Before the recommendation is completed for this claim, I want to advise you of the potential options for your claim.

The Notice of Claim to a Water Right for claim number 95-15747 was filed based on the beneficial use of water from Lake Coeur d'Alene for domestic purposes within ten separate parcels with a claimed priority date of 1950. Of these ten parcels, tax records indicate that only two had dwellings built on them prior to the mandatory permit statute for surface water, parcel nos. 04380000023I and 04380000007A. The permit system for establishing a water right became mandatory for uses developed from surface water after May 20, 1971 (except for watering stock directly from streams). If all ten parcels are to be claimed, you will need to provide evidence that the water distribution system serving those parcels was completed and functioning at or before the priority date claimed. Please provide the required evidence within 30 days of receiving this letter.

PLEASE NOTE: IDWR will recommend the Court decree this claim disallowed if no further evidence is submitted. It will be to your advantage to provide clear and convincing evidence.

Do not hesitate to contact me if you have any questions or concerns. I can be reached by phone during business hours at 208-762-2800 or by email at evan.roda@idwr.idaho.gov.
