Re: Amended Request for Correction of Error of Partial Decree for Water Right No. 72-2216 (BLM)

Dear Clerk:

On March 31, 2015, IDWR submitted to the Court a Request for Correction of Error regarding the partial decrees of water right nos. 72-2216 and 72-10626 to correct errors in county designation ("Original Request"). A further review of the Original Request revealed a discrepancy, beyond the correction of the county errors, between the 1997 Partial Decree for water right no. 72-2216 and the Proposed Correction to Partial Decree 72-2216. Specifically, the tributary described on the 1997 Partial Decree is "Spring Gulch," while the Proposed Correction described the tributary as "Spring Gulch Creek." This discrepancy should have been identified by underscore in the Proposed Correction.

To avoid any possible confusion, IDWR is submitting this Amended Request for Correction of Error regarding the partial decrees for water right no. 72-2216, requesting correction of the county designation error and correction of the tributary element of water right no. 72-2216. The Proposed Correction to Partial Decree 72-10626 included in the Original Request did not need revision.
