Re: Amended Request for Correction of Error of Partial Decree for Water Right Nos.
75-2200, 75-2235, 75-2263 and 75-14402 (BLM)

Dear Clerk:

On April 2, 2015, IDWR submitted to the Court a Request for Correction of Error regarding the partial decrees of water right nos. 75-2200, 75-2235, 75-2263 and 75-14402 to correct errors in county designation ("Original Request"). A BLM review of the Original Request revealed a discrepancy, beyond the correction of the county errors, between the 2000 Partial Decree for water right no. 75-2263 and the Proposed Correction to Partial Decree 75-2263. Specifically, the tributary described on the 2000 Partial Decree is "South Gulch," while the Proposed Correction described the tributary as "South Gulch Creek." This discrepancy should have been identified by underscore in the Proposed Correction.

BLM's review also revealed an inadvertent discrepancy between the priority date listed in the 2008 Partial Decree for water right no. 75-14402 and the priority date listed in the Proposed Correction to Partial Decree 75-14402 of the Original Request. This inadvertent discrepancy was not identified by underscore or overstrike in the Proposed Correction. The priority date should be 4/17/1926 as listed on the 2008 Partial Decree.

In addition to the discrepancies above, the tributary described for water right no. 75-2200 as "Unnamed Stream" is in error. The correct tributary designation should be listed as "Dry Gulch Creek."

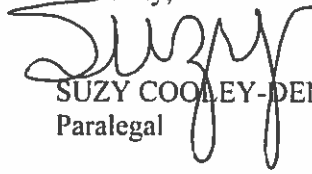

To avoid any possible confusion, IDWR is submitting this Amended Request for Correction of Error regarding the partial decrees for water right nos. 75-2200, 75-2235, 75-2263, and 75-14402 ("Amended Request"), requesting:

- 1) correction of the county designation errors,
- 2) correction of the tributary element of water right no. 75-2263, and
- 3) correction of the tributary element of water right no. 75-2200.

Amended Proposed Corrections to Partial Decree for water right nos. 75-2200, 75-2263, and 75-14402 are attached to the Amended Request. The Proposed Correction to Partial Decree 75-2235 included in the Original Request did not need revision and is attached to the Amended Request without change.
